

ENDORSED BY THE DAILY HERALD

DOUG WARLICK

FOR GENEVA ALDERMAN

5TH WARD

I am a candidate for the 5th Ward City Council because after more than 35 years of practicing law, at 60 years old, I am ready to devote my time and energy to giving back to this community that has been so good to me.

Please take a moment to reflect upon my background of community service, especially my ongoing work with the Geneva Lions Club, as is set forth in my biographical flyer or on my website.

The purpose of this flyer is simply to outline my platform or the ideals that will shape my service on the Geneva City Council if I am elected:

- 1.** Historic preservation should not trump a homeowner's property rights. While I clearly love our historic downtown, I am uncomfortable with the burden that historic preservation places on the homeowners outside of the downtown area. Moreover, I unequivocally do not support the move to expand the Historic Preservation District to more homes.
- 2.** Say **NO** to taxes. Government behaves like a child with change in a candy store. The more money that is available, the more that will be spent. With my 35 years of experience running a law practice, I know how to be fiscally responsible.
- 3.** An Alderman is in the business of public service. I view this position as voluntary community service, and I have an ongoing record of serving families in need for over 35 years as well as serving the City of Geneva and beyond, through the Geneva Lions Club.

Thank you for your support.

Please vote on April 4th or vote early!
